

Help & FAQ- REDCap – How-To Guide

Help & FAQ within REDCap

The Help & FAQ page contains a number of questions and answers relevant to general use of the system. Make it your first point of reference if you get stuck, particularly for help with branching logic or calculated field expressions. The Help & FAQ tab appears at the top of your screen.

The screenshot shows the REDCap Help & FAQ interface. At the top is a navigation bar with tabs: '+ New Project', 'Help & FAQ' (selected), 'Training Videos', 'Send-It', 'Messenger', and 'Control Center'. Below the navigation bar, the title 'REDCap Help & FAQ' is displayed in red. A note states: 'Note: The search feature only works WITHIN each topic. Be sure you click on the possible topic before starting your search.' Below the note is a search section titled 'Search for a Question' with a text input field labeled 'Enter a keyword or phrase' and a button. Below the search field, it says 'No filter applied.' Below the search section is a horizontal list of topic tabs: 'General' (selected), 'Project Setup/Design', 'Data Collection Instrument Design', 'Data Entry/Collection', 'Communicating from REDCap', and 'Applications'. Below the tabs, the 'General' section is expanded, showing a list of questions with dropdown arrows: 'How much experience with programming, networking and/or database construction is required to use REDCap?', 'Where can I suggest a new REDCap feature?', 'Can I still maintain a paper trail for my study, even if I use REDCap?', and 'Can I transition data collected in other applications (ex: MS Access or Excel) into REDCap?'.
